Dear Sir:

This article about Argentina and the Soviet Union represents what seems to me to be a contradiction or a double standard. Our government seems to be unwilling to deal with a right-wing dictatorship but very open to trade with left-wing dictatorships If ever there was a state guilty of human rights violations,it i the Soviet Union.

Would you please direct my letter with the enclosure to the appropriate office in the White House or State Department so I can get an answer to what I consider to be a puzzle.Thank you fo your help.

Sincerely yours,
Allen Binckley
